- (c) in any other way agreed to by you; or
- (d) notifying your agent in any way agreed to by the agent.

- 2.5 If we give you written notice, you are taken to have received it *3 banking business days* after we post it by ordinary mail to the mailing address we have last recorded. So that our record of your contact details remains accurate and up to date, you must notify us of any change to your contact details. You can do this in writing or over the telephone if you identify yourself appropriately. If you change your address, you as the owner are responsible for updating your details within BBO, otherwise you are taken to be notified if we write to the old address.

We will notify you reasonably promptly after the government notifies us of the introduction or change (however, we do not have to tell you about the change if the government publicises the introduction or change).
- 2.7 We need not give you any advance notice if a change has to be made because of an immediate need to maintain or restore the security of *Business Banking Online* or any of our other systems or *Payment Services*. We can give you a shorter notice period (or no notice) where it's reasonable for us to manage a material and immediate risk.
- 2.8 If any other information about *Business Banking Online* or BPAY is made available, it may be accessed by calling 1300 554 004, between 8.00am and 8.00pm (Sydney Time), Monday to Friday or by visiting our website bankofmelbourne.com.au
- 2.9 Where the ePayments Code and the *Banking Code* permit and if you agree, we may use electronic means to communicate with you.

For example, sending you electronic statements, written notices or other communications about our products and services.

3 Security.

- 3.1 For your own security against loss, *passwords*, any *authentication devices* and any other security devices should be protected. If you or a user believe that a

user's password, authentication device or any other security device has been compromised, you or they must take immediate action to limit your liability. Further information about:

- (a) keeping *passwords, any authentication devices* or any other security device secure is set out in clause 22; and
- (b) your liability for *unauthorised* transactions is set out in clause 6.

3.2 **Your obligations – You must:**

- (a) not record your *password* or *authentication device* details on the computer or telephone that you use to access *Business Banking Online* or BPAY;
- (b) not record your *password* or *authentication device* details on any item that identifies your *Business Banking Online* access details or on any article normally carried with any such item and which is liable to loss or theft with that item;
- (c) not permit any other person to use your *password* or *authentication device* details;
- (d) not disclose your *password* or *authentication device* details or make them available to any other person (including a family member, a friend or one of our staff);
- (e) use care to prevent anyone else seeing your *password* or *authentication device* details being entered into any *electronic equipment*.

Can you record a memory aid for your *password* or *authentication device* details?

- (f) comply with any instruction, direction or notice given to you by us through *Business Banking Online* or otherwise concerning managing your online security. Failure to do so may result in restriction or suspension of your use of *Business Banking Online* without notice.

3.3 If you require a memory aid to recall your *password* or *authentication device* details, you may make such a record provided the record is reasonably disguised.

However, we do not consider that the following examples provide a reasonable disguise, and you agree:

- (a) not to record your disguised *password* or *authentication device* details on any item that identifies your *Business Banking Online* access details;

- (b) not to record your disguised *password* or *authentication device* details on the computer or telephone that you use to access *Business Banking Online*;

3.4 There may be other forms of disguise which will be unsuitable because of the ease of another person discerning your *password* or *authentication device* details.

You must exercise extreme care if you decide to record a memory aid for your *password* or *authentication device* details.

Please note: Liability for losses, including where liability is limited, resulting from *unauthorised EFT transactions* is determined under the relevant provisions of the ePayments Code, where that code applies, despite the obligations set out at clauses 3.2 to 3.4 above.

If your *password* or *authentication device* details are revealed or you suspect *unauthorised* transactions

- 3.5 You must tell us as soon as possible if you suspect that your *password* or *authentication device* details are known to someone else or you suspect any *unauthorised* use of these details or that *unauthorised* transactions have been made. You may notify us by telephoning us on 1300 554 004 between 8.00am and 8.00pm (Sydney Time), Monday to Friday.
- 3.6 If you do not notify us you may be liable for *unauthorised* use – see clause 6.
- 3.7 You will need to give us all relevant information you may have, so that we can suspend Internet access to your *accounts*. You must confirm in writing any notice you give us by telephone within 7 days.
- 3.8 If you are unable to report to us because our facilities are unavailable you must tell us within a reasonable time after our facilities become available again.

4 Transacting on accounts.

4.1 Authority.

If there is more than one of you, each *client* authorises the others to use *Business Banking Online* in the manner contemplated in these terms and conditions in respect of any of the *accounts*, whether or not that *account* is held by that *client*.

4.2 Stopping a transaction.

- (a) To stop or alter a *Business Banking Online* transaction, you must contact us as soon as possible and give full details so that we can locate the transaction and take action. In some instances, we will not be able to stop or alter a transaction after you have instructed us to make the transaction.

For example, refer to clause 36 in this context as it applies to *BPAY* payments.

- (b) We are not liable to you if you request that a transaction be stopped or altered but we have already debited the amount to your *account* or we are liable to pay the amount of the transaction to another person, unless we are liable to you under a statute, the *Banking Code* or the *ePayments Code*.

- (c) We are not liable for any loss or costs as a result of any delay or error in transit or transmission of any direction you give us by *Business Banking Online* or relating to a BPAY transaction, except to the extent that it is caused by our fraud, negligence, wilful misconduct or any breach of a legal obligation we have to you including under the ePayments Code and any *Banking Code* obligation where we have to act fairly and/or reasonably.

4.3 **Availability.**

We will make reasonable efforts to:

- (a) ensure that *Business Banking Online*, BPAY, *Debit Direct Entry* and *Credit Direct Entry* are available during the hours specified by us from time to time;
- (b) you may access *Business Banking Online* through compatible devices. Not all functionality may be available when accessing *Business Banking Online* through some devices or at some screen resolutions; and

4.4 **Transaction Limits.**

Transaction limits are established and maintained by the company administrator on a client and/or user basis.

In addition to any limit established by the company administrator we may impose additional limits for transactions of specific types or between specific accounts. You may obtain further information about these limits by contacting us or visiting bankofmelbourne.com.au/bbo.

4.5 **Instructions and directions.**

You must comply with any instruction, direction or notice given to you by us through *Business Banking Online* or otherwise. Failure to do so may increase your liability (see clause 6) or we may, acting reasonably, restrict or suspend your use of *Business Banking Online* without notice.

4.6 **Payments made in error.**

Where we reasonably believe that a payment made to your account may be a payment made in error, we may, without your consent, deduct from your account an amount no greater than the payment amount made in error and return it to the understood source of origin or

as required by law, code or regulation. A payment made in error includes a fraudulent payment, a payment as a result of a scam affecting you or another person, an over payment, a duplicate payment or a payment error made by us. We will take steps, acting reasonably, to contact you in relation to a payment made in error where we consider it relates to a scam or fraud, unless we are unable. See the 'Mistaken internet payments' section for more information.

5 Problems and Complaints.

- 5.1 If you have a problem or complaint or believe an error has been made, please notify us by calling 1300 554 004 between 8.00am and 8.00pm (Sydney Time), Monday to Friday. We correct any error that is found to be ours as soon as possible.
- 5.2 To assist us in resolving your problem or complaint, you should:
- (a) report it promptly;
 - (b) state clearly the nature of the problem or your particular grievance; and
 - (c) have available all documents and background information.
- 5.3 If the matter is not resolved to your immediate satisfaction, you can follow the dispute procedures set out in this clause 5.
- 5.4 You can lodge a complaint at any of our branches or by telephone or in writing to the Senior Manager, Customer Relations at our head office in Sydney. The relevant contact details are set out at the end of these terms and conditions.
- 5.5 If we do not immediately resolve your complaint to your satisfaction, we will advise you in writing of our procedures for investigating and handling complaints. We will notify you of the name and contact number of the person who is investigating your complaint.
- 5.6 If the ePayments Code applies to a transaction initiated by an instruction through *Business Banking Online*, then the following conditions apply in relation to that transaction:
- (a) If it is unclear whether you have contributed to the loss that is the subject of any complaint you make to us, we will consider all reasonable evidence, including all reasonable explanations for the

transaction occurring. The fact that your account has been accessed with the correct *password* and *authentication device*, whilst significant, is not conclusive evidence that you have contributed to the loss.

- (b) We do not require you to raise complaints or disputes in relation to the processing of *EFT transactions* with any other party to the shared EFT system (such as a retailer or a merchant). Where we have been notified by another party to the shared EFT system, or from the view, that a transaction has been debited or credited incorrectly to your *EFT account*, we will investigate.

We will make any corrections to your *EFT account* we consider appropriate in the circumstances. Any correction is included in your next statement. We will also notify you as soon as practicable after reversing an incorrect credit.

If you request, we will provide you with further details about any correction shown on your *account statement*.

- (c) We will respond to you about any complaint (normally within 21 days). If we need more time or details to complete our investigation, we will advise you in writing. Unless there are exceptional circumstances, we will complete our investigation within 45 days.
- (d) Where an investigation continues beyond 45 days, we will inform you of the reasons for the delay, give you monthly updates on the progress of the investigation and a date when a decision can reasonably be expected. We do not do this if we have requested a response from you and we are waiting for that response.
- (e) If you refer the dispute to us in writing or you request a written response from us, or if the dispute relates to an *EFT transaction*, we will advise you in writing of the outcome. If the dispute relates to an *EFT transaction*, or otherwise is not resolved to your satisfaction, we will advise you of the reasons in writing and of any further action you can take to resolve the dispute.
- (f) The next available step is a free, independent external dispute resolution scheme (as long as the external dispute resolution scheme has the power to deal with your dispute). The contact details of external dispute resolution scheme are listed on the back cover of these Terms and Conditions.

(g) If, in relation to an *EFT transaction*, we fail to observe these Terms and Conditions when we allocate liability or when conducting our complaint investigation and dispute resolution procedures, and as a result there is unreasonable delay or the outcome of our investigation is prejudiced, we accept full liability for the amount that is the subject of the complaint.

5.7 If you have a complaint which relates to the *BPAY scheme* and you are not an individual, then we will resolve your dispute in accordance with the dispute resolution procedures established under the *BPAY scheme*.

6 Liability.

Our liability.

6.1 Not Used

6.2 Where any relevant law or code implies into these terms and conditions (or any transaction initiated by any instructions through *Business Banking Online*, *BPAY* or *RGTS*) any term, and the law or code voids or prohibits any term or condition in this agreement that seeks to exclude, restrict or modify that term, then the term is taken to be included in these Terms and Conditions.

Our liability for breach of such a term, if permitted and not prohibited by law or code, is limited to one of the following remedies:

- (a) the supply of *Business Banking Online*, *BPAY*, *Debit Direct Entry* or *Credit Direct Entry* (or *Corporate Solution*) again; or
- (b) the payment of the cost of having *Business Banking Online*, *BPAY*, *Debit Direct Entry* or *Credit Direct Entry* (or *Corporate Solution*) supplied again.

6.3 Subject to clauses 6.2 and 6.11, we exclude all liability to you for consequential loss or costs except to the extent caused by our fraud, negligence, wilful misconduct or any breach of a legal obligation we have to you arising from or connected in any way to this agreement.

Your liability for unauthorised transactions.

6.4 If the ePayments Code applies to a transaction initiated by an instruction through *Business Banking Online*, *Debit Direct Entry* or *Credit Direct Entry*, you are not liable for

an *unauthorised* transaction if it is clear that you did not contribute to the losses resulting from those transactions.

Otherwise, if the ePayments Code applies, your liability will normally be limited to:

- (a) \$150; or
- (b) the balance of the *EFT account* on which the *unauthorised* transactions were made, including any agreed line of credit, to which you have access by *Business Banking Online*; or
- (c) the actual loss incurred before you notify us under clause 22.1(j) (excluding that portion of the loss incurred on any one day which exceeds any applicable daily transaction limit), whichever is the smallest amount, although in some circumstances you may be liable for a greater amount for *unauthorised Business Banking Online, Debit Direct Entry or Credit Direct Entry* transactions. Please refer to clauses 6.7 to 6.9 and 55 for details of those circumstances.

6.5 However, you are not liable for losses caused by:

- (a) the fraudulent or negligent conduct of our staff or agents or of companies involved in networking arrangements or of merchants who are linked to the electronic funds transfer system or of their agents or employees; or
- (b) any *authentication device, Identifier or Code*
- (c) that is forged, faulty, expired or cancelled; or
- (d) *unauthorised* transactions that can be made using an *Identifier* without an *authentication device* or *Code*; or;
- (e) *unauthorised* transactions that can be made using an *authentication device* and not a *Code*, provided you did not unreasonably delay in reporting the loss or theft of the *authentication device*.
- (f) *unauthorised* transactions through *Business Banking Online, Debit Direct Entry or Credit Direct Entry* which occur after you have given us notice as required by clause 22.1(j);
- (g) *unauthorised* transactions through *Business Banking Online, Debit Direct Entry or Credit Direct Entry* before any user receives their *password and authentication device*; or
- (h) the same transaction being incorrectly debited more than once to the same account.

When you will be liable.

- 6.6 You will be liable for losses resulting from transactions which are carried out by you, a person *authorised* by you or another person with your knowledge and consent.
- 6.7 If the ePayments Code applies to a transaction initiated by an instruction through *Business Banking Online*, *Debit Direct Entry* or *Credit Direct Entry* and you or a user have contributed to the *unauthorised* use on the account because you or a user:
- (a) engaged in fraud; or
 - (b) failed to comply with any instruction, direction or notice given by us; or
 - (c) voluntarily disclosed a *user's password* or *authentication device* to anyone, including a family member or friend or allowed anyone to use a *user's authentication device*; or
 - (d) where an *authentication device* is also needed to perform a transaction, kept a record of a *user's password* or *authentication device* (without making any reasonable attempt to protect the security of it) with any article carried with the *authentication device* or in a way that it was liable to loss or theft simultaneously with that *authentication device*; or
 - (e) selected a *password* which represents a *user's* birth date or an alphabetical Code which is recognisable as part of a *user's* name immediately after the *user* is specifically instructed not to select such a *password* and warned of the consequences of doing so; or
 - (f) acted with extreme carelessness in failing to protect the security of a *user's password* or *authentication device*, your liability will not exceed the smallest of:
 - (i) the actual loss incurred up to the time we are notified that the security of a *user's password* or *authentication device* has been breached or notice of the existence of *unauthorised* transactions; or
 - (ii) the funds available in the *EFT account* including any agreed line of credit; or
 - (iii) the total amount you would have been allowed to withdraw on the days that *unauthorised* use occurs.

If more than one Code is required to perform a transaction and we prove that you breached the security requirements for one or more, but not all, of those Codes,

you will be liable under this clause only if we also prove, on the balance of probability, that the breach of the security requirements was more than 50% responsible for the losses.

6.8 If the ePayments Code applies to a transaction initiated by an instruction through *Business Banking Online*, *Debit Direct Entry* or *Credit Direct Entry* and you have contributed to an *unauthorised* transaction on the account because you or a user unreasonably delayed in notifying us that a user's password or authentication device has become known to someone else, you will be liable for any losses directly attributed to that delay that were incurred before notification. Your liability for these losses will not exceed the smallest of:

- (a) the actual loss which could have been prevented from occurring in the period between when you or a user became aware (or should reasonably have become aware) of the events described above and the time we were actually notified; or
- (b) the funds available in the *EFT* account including any agreed line of credit; or
- (c) the total amount you would have been allowed to withdraw on the days that *unauthorised* use occurs.

If the ePayments Code applies to a transaction initiated by an instruction through *Business Banking Online*, *Debit Direct Entry* or *Credit Direct Entry*, your liability for losses from *unauthorised EFT transactions* will not exceed the amount of the loss that would result after the exercise of any claim or other right we have under the rules of any card scheme against any other party to that card scheme (whether or not that claim or other right is actually exercised).

6.9 If you are unable to report to us because our facilities are unavailable and the ePayments Code applies, you are not liable for any *unauthorised EFT transaction* which could have been prevented if you had been able to tell us, provided you tell us within a reasonable time after our facilities become available again.

Malfunctions.

6.10 You are not liable for loss caused by the failure of our *electronic equipment* or *Business Banking Online*, *BPAY*, *Debit Direct Entry* or *Credit Direct Entry* service to complete a transaction accepted by our *electronic*

equipment or Business Banking Online, BPAY or Credit Direct Entry service in accordance with a user's instructions.

- 6.11 Notwithstanding anything else in these terms and conditions, for transactions governed by the ePayments Code, we do not deny your right to claim consequential damages resulting from a malfunction of a system or equipment provided by a party to a shared electronic payments network that you are entitled to use pursuant to these terms and conditions (such as a merchant or us) except where you or a user should reasonably have been aware that the equipment or system was unavailable for use or malfunctioning, in which case our liability may be limited to the correction of any errors in the account, and the refund of any charges or fees imposed on you as a result.
- 6.12 We correct the loss by making any necessary adjustment to the appropriate *account* (including adjustment of interest or fees as a result of the malfunction).
- 6.13 Please tell us about any service fault or difficulty with our *electronic equipment* by calling 1300 554 004, between 8.00am and 8.00pm (Sydney Time), Monday to Friday.
- 6.14 You will not be liable under clauses 6.7 and 6.8 for any losses incurred on any Bank of Melbourne accounts which we had not agreed could be accessed using a *user's password or authentication device*. Your liability under clause 6.7 is also subject to us, proving, on the balance of probability, that you contributed to the losses in one or more of the ways described in clause 6.7.

Warranty.

- 6.15 We warrant that we will comply with the ePayments Code, where it applies. If your facility is designed primarily for use by a business and established primarily for business purposes, the ePayments Code will not apply to it.

Processing transactions when Business Banking Online is unavailable.

- 6.16 Please contact us on 1300 554 004, between 8.00am and 8.00pm (Sydney Time), Monday to Friday for information on processing transactions if *Business Banking Online* is unavailable.

7 Mistaken internet payments.

- 7.1 This clause 7 does not apply to *BPAY payments*.
See Section E for information about *BPAY payments*.

Reporting *Mistaken internet payments*.

- 7.2 You should report *Mistaken internet payments* (including mistaken Osko Payments and Basic Single Credit Transfers made by an individual) to us as soon as possible after you become aware of them. You can report *Mistaken internet payments* to us by visiting a Bank of Melbourne branch or by calling 13 33 30 within Australia.

We will give you a notification number or some other form of acknowledgement which you should retain as evidence of the date and time of your report.

If we are satisfied that you have made a mistaken internet payment, we will, as soon as reasonably possible (and by no later than 5 business days of your report), send a request to the receiving institution for the return of the funds.

If the receiving institution subscribes to the Code and they are satisfied that a mistaken internet payment was made, they are required to follow the process for recovering the payment that we described under the section, “Where you receive a mistaken internet payment”.

We will acknowledge receipt of your report of a mistaken internet payment, conduct an investigation into that mistaken internet payment, and inform you in writing of the outcome of our investigation within 30 business days of the day on which you made the report.

If you are unhappy with how your report was dealt with, you have a right to complain to us. Information on our complaints procedure is set out in this document. If you are still not satisfied with our response or handling of your complaint, you have the right to complain to the external resolution scheme, the Australian Financial Complaints Authority (AFCA). AFCA’s contact details are set out in the “Disputes” section of this document.

Dealing with *Mistaken internet payments*.

- 7.3 *Mistaken internet payments* will be dealt with by us in accordance with the ePayments Code, where that code applies to the payment or where the payment is an Osko Payment (including payments made to a PayID).

Set out at clauses 7.4 to 7.5 is a summary of the processes in that code.

We may be the sending institution, namely the financial institution whose customer made the payment or the receiving institution, namely the financial institution whose customer received the payment (this customer is the unintended recipient of the payment). We will be the sending institution where the payment is made from your account. We will be the receiving institution where the payment is made to your account.

Where a financial institution other than us is the receiving or sending financial institution, we cannot guarantee that it will follow the processes in the ePayments Code. A financial institution is unlikely to follow these processes if it is not an *authorised* deposit-taking institution for the purposes of the Banking Act. We are not liable for any loss suffered if it does not follow those processes.

Where the sending institution is not satisfied that a payment is a *Mistaken internet payment*, it is not required to take any further action.

Notwithstanding anything set out below, where the unintended recipient of the *Mistaken internet payment* is receiving income support payments from Services Australia or the Department of Veterans' Affairs, the receiving institution must recover the funds from that recipient in accordance with the Code of Operation: Recovery of Debts from Customer Nominated Bank Accounts in receipt of Services Australia income support payments or Department of Veterans' Affairs payments.

Where you or another financial institution advises us that you are, or we think you may be, the sender or recipient of a *Mistaken internet payment*, you must give us, as soon as reasonably practicable and within the time we request, any information we reasonably require to enable us to determine whether the payment was a *Mistaken internet payment*.

Where sufficient funds are available in the unintended recipient's account.

- 7.4 Where the sending institution is satisfied that the *Mistaken internet payment* occurred and there are sufficient credit funds available in the account of the unintended recipient to the value of the *Mistaken internet payment*, the process that will apply will depend upon when the report of the *Mistaken internet payment* is made:

Where the report is made within 10 business days of the payment:

- (a) if the receiving institution is satisfied that a *Mistaken internet payment* has occurred, it will return the funds to the sending institution within 5 business days of the request or any reasonably longer period up to a maximum of 10 business days.

Where the report is made between 10 business days and 7 months of the payment:

- (a) the receiving institution will investigate the payment and complete the investigation within 10 business days of receiving a request;
- (b) if the receiving institution is satisfied that a *Mistaken internet payment* has occurred, it will prevent the unintended recipient from withdrawing the funds for a further 10 business days and notify the unintended recipient that they will withdraw the funds if that recipient does not establish they are entitled to the funds within that 10 day period.
- (c) if the unintended recipient does not establish they are entitled to the funds within that time, the receiving institution will return the funds to the sending institution within 2 business days of that period (during which time the recipient will be prevented from withdrawing the funds).

Where a report is made after 7 months of payment:

- (a) If the receiving institution is satisfied a *Mistaken internet payment* occurred, it must seek the consent of the unintended recipient to return the funds.

In each case where the receiving institution is not satisfied that a *Mistaken internet payment* has occurred, it may (but is not required to) seek consent of the unintended recipient to return the funds.

Where the funds are returned to the sending institution, it will return the funds to the holder as soon as practicable.

Where sufficient funds are not available.

- 7.5 Where both the sending and receiving institution are satisfied that a *Mistaken internet payment* has occurred but there are not sufficient credit funds available in the account of the unintended recipient, the receiving institution will use reasonable endeavours to recover the funds from the unintended recipient.

Where you receive a *Mistaken internet payment*.

7.6 Where:

- (a) both we and the sending institution are satisfied that a payment made to your account is a *Mistaken internet payment*; and
- (b) sufficient credit funds are available in your account to the value of that payment; and
- (c) the *Mistaken internet payment* is reported 7 months or less after the payment; and
- (d) for *Mistaken internet payments* reported between 10 business days and 7 months of the payment, you do not establish that you are entitled to the payment within the relevant 10 business day period referred to in clause 7.4,

we will, without your consent, and in accordance with the ePayments Code where applicable, deduct from your account an amount equal to that mistaken payment and send that amount to the financial institution of the payer in accordance with clause 7.4 above.

If there are insufficient funds in your account, you must co-operate with us to facilitate payment by you of an amount of the *Mistaken internet payment* to the payer.

We can prevent you from withdrawing funds the subject of a *Mistaken internet payment* where we are required to do so to meet our obligations under the ePayments Code.

Liability for losses arising from internet payments.

- 7.7 You must ensure that internet payment details are correct. You and your user are solely responsible for providing correct payment details including amount and payee details. We will return to you any funds recovered by us on your behalf from an unintended recipient in respect of a *Mistaken internet payment* but otherwise have no liability to you or your user for any payment made in accordance with details provided by you or your user including *Mistaken internet payments*.

8 GST.

8.1 We will tell you if any fees we charge are *GST* inclusive.

8.2 If there is a situation in which we are required to pay *GST* on a payment you make to us, you agree to increase the amount of the payment to include the *GST* amount.

8.3 We will tell you of any additional *GST* amount you must make on a payment.

9 Significant tax implications.

There are no significant tax implications in relation to *Business Banking Online*, *Credit Direct Entry*, *Debit Direct Entry* or *BPAY*.

10 Restriction, suspension and termination.

- 10.1 The *primary client* may terminate the agreement constituted by these Terms and Conditions (and *Corporate Solution*) at any time by notice in writing.
- 10.2 We may terminate the agreement constituted by these Terms and Conditions (and *Corporate Solution*) at any time by giving 30 days' written notice to the *primary client*. This notice will be sent to the current address of the *primary client* that we have on file.
- 10.3 Subject to clause 10.1 and 10.2, following termination by either party all access rights will be cancelled by us as soon as practicable.
- 10.4 The termination of the agreement constituted by these Terms and Conditions does not affect rights accrued to either party before the termination.
- 10.5 We may restrict or suspend your use of *Business Banking Online* without prior notice where we believe that there is a risk of fraud or security breach, you have failed to comply with any instruction, direction or notice given by us concerning managing your online security, or where you have not accessed *Business Banking Online* for a period of 6 months or more.

11 Banking Code.

The relevant provisions of the *Banking Code* apply to these Terms and Conditions if you are a *small business* or an individual who is not treated as a business under the *Banking Code*.

12 Governing Law.

These Terms and Conditions are governed by the law in force in the State in which you entered into the agreement constituted by these Terms and Conditions, and you agree to submit to the non-exclusive jurisdiction of the courts of that state for any dispute concerning the agreement constituted by these Terms and Conditions.

12A Appropriate use of our Services.

Your use of *Business Banking Online* and services we provide must not breach any law of Australia or any other country.

Where it is necessary for us to meet our regulatory and compliance obligations:

- (a) you must provide us with the necessary information we reasonably request to meet the obligation;
- (b) we will disclose information we hold to regulatory and law enforcement agencies, other financial institutions, third parties and members of the Bank of Melbourne Group; and
- (c) we may delay, block or refuse to provide any of our services.

We will not be liable to you or any other person for any loss or damage of any kind that may be suffered as a result of us properly and reasonably exercising our rights under this clause.

12B Privacy.

You must comply with the *Privacy Act 1988* (Cth) in relation to any personal information you provide to us, including the personal information of another person, in connection with these Terms and Conditions, and if you engage in activities in a jurisdiction other than Australia, you must comply also with the privacy laws in that jurisdiction.

12C External service providers.

We may subcontract any of our rights and obligations to another person in Australia or overseas.

We may disclose or share any information you provide to us with any such person. Details of the countries where the overseas recipients are likely to be located are included in our privacy statement which is available at bankofmelbourne.com.au/privacy/privacy-statement or by calling 13 22 66.

Section D – Terms and conditions that apply to *Business Banking Online*.

13 Agreeing to *Business Banking Online* terms and conditions.

13.1 Agreement

By completing our application for *Business Banking Online*, you are taken to offer to enter into an agreement with us on the terms of that application and these Terms and Conditions. We are to be taken to have accepted that offer when we notify the *company administrator* nominated in the application for *Business Banking Online* signed by you that you have been registered as a *user* of *Business Banking Online*. This notice is given by a letter to the *company administrator*.

13.2 Accounts at other financial institutions

Accounts held with other financial institutions cannot be accessed through *Business Banking Online* to make withdrawals. Only deposits can be made to those *accounts* using *Business Banking Online* by using the *payee* payment option.

14 *User's* acceptance of terms and conditions.

Before a *user* first uses *Business Banking Online*, we require the *user* to agree to be bound by these terms and conditions.

15 *Company administrator's* first access of *Business Banking Online*.

When you apply to use *Business Banking Online*, the *primary client* must nominate an individual to be the *company administrator*. When we notify the *company administrator* that your offer to use *Business Banking Online* is accepted, we provide the *company administrator* with a *user* identification and *password*. You must ensure that the *company administrator* accesses *Business Banking Online* and changes their *password* as soon as practicable

and in any event within 48 hours of receiving their initial *password* from us.

If the *primary client* nominates more than one *company administrator*, the *primary client* must also advise whether the *company administrators* may act independently, or whether they must act jointly, in giving authorisations under clause 16.1.

16 Company administrator.

16.1 The *company administrator* may *authorise* any individual, including themselves, aged 18 years or older to be a *user* with authority to carry out one or more of the following functions in connection with any *account*:

Prevents access to certain *accounts*.

The right to *view* all information in *Business Banking Online* in connection with the *accounts* (except that they cannot initiate or *authorise* payment requests).

- 16.2 When granting a person access rights to *Business Banking Online*, the *company administrator* must issue them with a *user* identification and *password*. You and the *company administrator* must ensure that the *user* accesses *Business Banking Online* and changes their *password* within 48 hours of receiving their initial *password* from the *company administrator*.
- 16.3 When granting a person access rights to *Business Banking Online*, the *company administrator* must submit to us, in respect of the person, a request to appoint them a *user*.
- 16.4 When granting a person *authorise* access, the *company administrator* must give the person access to *authorise* payment requests either on their own or with another person in accordance with the access advised in the request to appoint them a *user*.
- 16.5 Any *view, create, authorise* or *administrator* rights given for *Business Banking Online* relate to *Business Banking Online* only and any authorities to operate your *accounts* still apply to those *accounts*.

17 Personal accounts.

- 17.1 The only personal *account(s)* that may be accessed through *Business Banking Online* are those of *principals* or *third party accounts* (see clause 28).
- 17.2 Any costs, fees or charges incurred in relation to the use of a *principal's* personal *account* accessed through *Business Banking Online* must be met personally by that *principal*. Any such costs, fees or charges may not be debited from any *account* of a *client*. Please refer to the *Business Banking Online* fees and charges brochure for information about the fees and charges payable.

- 17.3 We provide access and *authorise* rights to personal *accounts* in accordance with those rights given in accordance with these terms and conditions irrespective of authorities to operate those *accounts* advised through other channels and even if they are inconsistent.

18 Disclosure.

You *authorise* us to disclose information concerning accounts to each of you (if there is more than one of you) and any person (including *company administrators* and *users*) *authorised* by you to access an *account*.

If you are a principal, this authority permits disclosure about you to the primary client, additional parties, others of you who are principals, company administrators and users.

19 Cut-off time.

If a *user* tells us to transact on an account before the time specified below, the transaction will in most cases be treated as having been made on the same day:

Cut-off time: Monday to Friday, 5 days per week – 5.00pm (Sydney Time)

However, a transaction which is a payment may take longer to be credited to the payee if a *user* tells us to make a payment on a Saturday, Sunday or public holiday or if any other financial institution involved in the transaction does not process the payment as soon as they receive details of it.

Details of cut-off times for *RTGS* and telegraphic transfers can be obtained by contacting Bank of Melbourne treasury.

You acknowledge that an instruction to us by a *user* that we receive after the cut-off time will be processed on the next *banking business day*.

Even where a Osko payment or a Basic Single Credit Transfer results in an account balance and transaction list being updated straight away, that payment may not be included in the balance of the account for other purposes (such as interest, fees or overdrawing calculations) until the next banking business day.

20 *Users.*

- 20.1 We allow users to carry out the functions they are allowed to do within the level of access granted to them pursuant to these Terms and Conditions. If there is more than one user you will need to complete an *authentication device* application for each user who is to have *authorise* or *administrator* rights of access. We may issue users who have *authorise* or *administrator* rights with an *authentication device* and require that certain functions may be performed only if the *authentication device* is used.
- 20.2 A valid direct entry user identification is required to make each external payment to payee accounts within Australia and to make payments to creditors and employees. If you do not have an existing direct entry user identification number, you will need to complete a direct entry user application form.
- 20.3 We are not to be taken to have any notice of any limitation that you (or users who have *authorise* or *administrator* rights) impose on users. Accordingly, we may allow or process any function or instruction carried out by a user if it is within the rights generally granted to users of that category pursuant to these Terms and Conditions.
- 20.4 You acknowledge that an instruction to us by a user using *Business Banking Online* whose access and user rights have not been cancelled by you, the user or us constitutes a valid and irrevocable authority to us to follow that instruction. This includes instructions to make periodic payments or payments in the future even if those payments fall due after an *authentication device* used to *authorise* the payment expires, the user's access or user are cancelled or your right to use *Business Banking Online* is cancelled. You should contact us immediately if you require any periodic payments or future scheduled payments to be stopped in these circumstances.
- 20.5 We may assume that any access and use of *Business Banking Online* in accordance with our operating requirements has been made by a user. You are responsible to ensure that only an authorised user is accessing and using *Business Banking Online*.
- 20.6 A client or principal is liable for any use of any of its accounts by a user as if the account had been used by the client or principal (including when a user uses their *authentication device*). You should ensure that users read and understand these terms and conditions.

- 20.7 Any one of you, us, or a person who has *administrator (admin only)* or *administrator (admin/authorise)* access may cancel the access rights to *Business Banking Online* of a user at any time. You must ensure that there is always at least one person with *administrator (admin/authorise)* access rights.
- 20.8 Users may continue to use *Business Banking Online* unless their right to do so is cancelled in accordance with these Terms and Conditions or, for functions requiring the use of an *authentication device*, the *authentication device* expires and has not been renewed.
- 20.9 We deny access to *Business Banking Online* if someone trying to access it enters an incorrect *password* on three consecutive occasions. If this happens to a user, they should contact their *company administrator*.
- 20.10 The *company administrator* must set a daily transaction limit on *Business Banking Online* for each *client* and may also set individual transaction limits for users with the role of *authorise*.
- 20.11 You agree that we may record, by whatever means, transactions effected through *Business Banking Online* and that we may use these records to, among other things, establish or verify that a particular transaction was effected through the use of a user's *password* or *authentication device*. If the ePayments Code applies to a transaction initiated by an instruction through *Business Banking Online*, we must do so in accordance with the ePayments Code.

21 Additional parties.

- 21.1 If the *primary client* and us agree that another person may become an *additional party* for the purpose of these terms and conditions ("*new additional party*"), then the new *additional party* is taken to be a party for the purposes of these terms and conditions. The rights and obligations and the restrictions imposed on the new *additional party* are the same in all respects as if the new *additional party* had agreed to these Terms and Conditions as an *additional party* from the date on which we agree to the new *additional party* becoming a party to the agreement constituted by these Terms and Conditions.

If an *additional party* wants access to *Corporate Solution*, they must also sign a *Corporate Solution Agreement* with us.

- 21.2 Any *additional party* may at any time provide us with a notice that they no longer want to be a party to the agreement constituted by these Terms and Conditions.
- 21.3 If any *additional party* gives us an *exit notice* (“*departing additional party*”), then:
- (a) it is no longer obliged to meet any of its obligations to us under the agreement constituted by these Terms and Conditions on and from the date of the *exit notice*, other than those relating to actual or contingent liabilities existing at the time the *exit notice* is given, indemnities or disclosure of information;
 - (b) we will cease to accept instructions on any *account* that the *departing additional party* holds; and
 - (c) you must pay us any fees that have been incurred by the *departing additional party* even if those fees have not been billed at the date of the *exit notice*. Please refer to the *Business Banking Online* fees and charges brochure.
- 21.4 The agreement constituted by these Terms and Conditions is a continuing obligation between us and the remaining *clients*. Our rights and the obligations of the remaining *clients* are not affected by the release of the *departing additional party*.
- 21.5 If the *departing additional party* has any actual or contingent liabilities to us, they must be repaid in full to us on or before the date that the *departing additional party* is released from its obligations under the agreement constituted by these Terms and Conditions in accordance with clause 21.3 (unless we otherwise expressly agree).

22 Obligations of users.

- 22.1 *Users* must:
- (a) not permit any other person to use their *password*, *authentication device* or other security device we establish;
 - (b) not disclose their *password*, *authentication device* or other security device to any other person (including ensuring, when they are accessing *Business Banking Online* or using their *authentication device*, that their *password* is not observed);

- (c) take reasonable steps to ensure that their *authentication device* or other security device cannot be used by any other person;
- (d) on their first use of the *authentication device*, update their *password*;
- (e) not make a record of their *authentication device password* unless the record is kept securely and separately from any place where the *authentication device* is stored.

For example, they must not keep a record of their *authentication device password* on the media or computer on which their *authentication device* is stored;

- (f) not record or store any other *password* anywhere;
- (g) not use any *authentication device* we issue to them other than for the purpose of accessing and using *Business Banking Online* or any other of our Internet services which we have agreed to supply to you and which you have, with our agreement, *authorised* them to use, and then only in accordance with that authorisation;
- (h) destroy, in accordance with our instructions, the *authentication device* if the *authentication device* is no longer used to access *Business Banking Online* or any other Internet services that they are *authorised* to access and use with the *authentication device*;
- (i) not duplicate the *authentication device* to allow multiple points of access to *Business Banking Online* or any other Internet services that they are *authorised* to access and use with the *authentication device*;

Accordingly, you must ensure at your own expense that alternative methods of accessing and authorising transactions on the *accounts* are in place to enable you to use the *accounts* if *Business Banking Online* is unavailable.

23.3 Clause 22.2 applies equally to you in respect of your obligation to contact us under this clause 23. References in clause 22.2 to a "user" are taken to be references to "you" for the purpose of this clause 23.3.

Please note: Liability for losses, including where liability is limited, resulting from *unauthorised EFT transactions* is determined under the relevant provisions of the ePayments Code, where that code applies, despite the obligations set out at clauses 22 and 23.

- 24.4 You acknowledge that the creation of sub- accounts in no way impacts on your obligations to us under this agreement or the account terms and conditions.
- 24.5 *Business Banking Online* enables you to restrict a user’s use of *Business Banking Online* to specified sub-accounts. These restrictions are for your own internal procedures, and are not recognised by us.
- 24.6 Our right to rely on the authority of a user (set out in clause 20) is unaffected by the creation of sub- accounts or by you restricting a user’s access to *Business Banking Online*.

This is a continuing obligation, independent of your other obligations under the agreement constituted by these terms and conditions.

It is not necessary for us to incur expense or make payment before enforcing this right of indemnity provided that such indemnity does not apply to the extent that any liability or loss is caused by our fraud, negligence, wilful misconduct or any breach of a legal obligation we have to you including the Banking Code obligation we have to act fairly and/or reasonably.

28 *Third party accounts.*

- 28.1 This clause 28 applies when a user uses *Business Banking Online* to access *third party accounts*.

- We need not act in accordance with any instructions relating to a third party account until we have received the authority for that third party account.
- 28.4 Sub-accounting is not available on third party accounts. Other restrictions may apply to access of third party accounts; refer to the terms and conditions governing the third party account.

Section E – Terms and Conditions that apply to BPAY.

29 Features and benefits of the *BPAY* scheme.

The *BPAY* scheme is a facility that allows you to make electronic payments by requesting us to debit an amount from your *account* to pay organisations who agree that you can make payment to them through the *BPAY* scheme.

This Section E applies if a *user* with *authorise* access asks us to make a payment on your behalf through the *BPAY* scheme. We are a member of the *BPAY* scheme. We will tell you if we are no longer a member of the *BPAY* scheme.

30 Significant risks that apply to the *BPAY* scheme.

There is a risk of mistaken, fraudulent or *unauthorised* transactions occurring on your *account* because of computer or human error or fraud. Please see clause 37 for information about when you will be liable for *unauthorised* transactions.

There is also a risk that payments will not be received on time due to systems or telecommunications link unavailability, scheduled outage, equipment failure or other reasons.

31 What is the *BPAY* scheme?

- 31.1 The *BPAY* scheme is an electronic payments scheme through which a *user* with *authorise* access can ask us whilst we are a member of that scheme to make payments on your behalf to organisations ("*billers*") who tell you that you can make payments to them through the *BPAY* scheme ("*BPAY* payments").
- 31.2 A *user* with *authorise* access may choose to make a *BPAY* payment using *Business Banking Online*.

32 Payments using the *BPAY* scheme.

When a *user* with *authorise* access asks us to make a *BPAY* payment they must give us the information specified in clause 35 below. We will then debit the *account* specified with the amount of that *BPAY* payment. We may decide not to make a *BPAY* payment if there are not sufficient cleared funds in the *account* at the time and when the *user* tells us to make that payment.

When we make a *BPAY* payment on your behalf we are not acting as your agent or the agent of the *biller* to whom that payment is directed.

33 How to use the *BPAY* scheme.

33.1 A *user* with *authorise* access can ask us to make *BPAY* payments from an *account* if its terms and conditions permit you to make withdrawals from that *account*.

We may impose restrictions on the *accounts* from which a *BPAY* payment may be made. We may impose limits on the amount of *BPAY* payments.

33.2 If there is any inconsistency between the terms and conditions of an *account* and the *BPAY* scheme terms and conditions in this Section E, then the *BPAY* scheme terms and conditions will apply to the extent of that inconsistency.

33.3 A mistaken or erroneous payment received by a *biller* does not constitute under any circumstances part or whole satisfaction of any underlying debt owed between you and that *biller*.

34 Valid payment direction.

Your acknowledgment in clause 20.4 extends to instructions given to us by *users* with *authorise* access to make *BPAY* payments.

35 Information you must give us.

35.1 To instruct us to make a *BPAY* payment, the following information must be given:

- (a) the account to be debited;
- (b) the amount to be paid;
- (c) the *biller* code of the *biller* to be paid (this can be found on your bill); and
- (d) your customer reference number (this can be found on *accounts* or *invoices* you receive from *billers*).

Instructions are given by entering the correct numbers into the *user's* computer.

35.2 We are not obliged to effect a *BPAY* payment if all of the above information is not given to us or if any of the information given is inaccurate.

36 Payments.

36.1 We will not accept an order to stop a *BPAY* payment once a *user* instructs us to make that *BPAY* payment.

36.2 You should notify us immediately if you become aware that a *user* may have made a mistake when instructing us to make a *BPAY* payment, or if a *user* with *authorise* access did not *authorise* a *BPAY* payment that has been made from an *account* (except for a mistake as to the amount meant to be paid – for those errors see clause 36.6 below). Clauses 37.2 to 37.4 describe when and how we will arrange for such a *BPAY* payment (other than in relation to a mistake as to the amount you must pay) to be refunded to you.

36.3 Subject to clause 39, *billers* who participate in the *BPAY* scheme have agreed that a *BPAY* payment you make will be treated as received by the *biller* to whom it is directed:

- (a) on the date you make that *BPAY* payment, if you tell us to make the *BPAY* payment before our *payment cut-off time* (see clause 39 below) on a *banking business day*; or
- (b) on the next *banking business day*, if a *user* tells us to make a *BPAY* payment after our *payment cut-off time* (see clause 39 below) on a *banking business day*, or on a *non- banking business day*.

- 36.4 A delay might occur in the processing of a *BPAY* payment where:
- (a) there is a public or bank holiday on the day after a user tells us to make a *BPAY* payment,
 - (b) a user tells us to make a *BPAY* payment either on a day which is not a *banking business day* or after our payment cut-off time on a *banking business day*;
 - (c) another financial institution participating in the *BPAY* scheme does not comply with its obligations under the *BPAY* scheme; or
 - (d) a *biller* fails to comply with its obligations under the *BPAY* scheme.
- 36.5 While it is expected that any delay in processing a *BPAY* payment for any reason set out in clause 36.4 will not continue for more than one *banking business day*, any such delay may continue for a longer period.
- 36.6 Users must be careful to ensure that they tell us the correct amount they wish to pay. If a user instructs us to make a *BPAY* payment and you later discover that:
- (a) the amount they told us to pay was greater than the amount you wish to pay, you must contact the *biller* to obtain a refund of the excess; or
 - (b) the amount they told us to pay was less than the amount you needed to pay, you can make another *BPAY* payment for the difference between the amount actually paid to a *biller* and the amount you needed to pay.

37 Liability for mistaken payments, unauthorised transactions and fraud.

- 37.1 *BPAY* scheme participants undertake to promptly process *BPAY* payments. You must tell us promptly:
- (a) if you become aware of any delays or mistakes in processing your *BPAY* payments;
 - (b) if a *BPAY* payment that has been made from an account was not *authorised*; or
 - (c) if you think that you have been fraudulently induced to make a *BPAY* payment.

We will attempt to rectify any such matters in relation to your *BPAY* payments in the way described in this clause 37. If the ePayments Code applies and a *BPAY* payment

is made on the account without your knowledge or consent, liability for that *unauthorised BPAY* payment will be determined in accordance with clauses 6.4 to 6.9. Otherwise, except as set out in clauses 37.2 to 37.4 and clause 42 and subject to clause 6.11, we will not be liable for any loss or damage you suffer as a result of using the *BPAY* scheme.

- 37.2 If a *BPAY* payment is made to a person or for an amount which is not in accordance with a *user's* instructions (if any), and an *account* was debited for the amount of that payment, we will credit that amount to the *account*. However, if you or a *user* were responsible for a mistake resulting in that payment and we cannot recover within 20 *banking business days* of us attempting to do so the amount of that payment from the person who received it, you must pay us that amount.
- 37.3 If a *BPAY* payment is made in accordance with a payment direction which appeared to us to be from a *user* with *authorise* access but for which a *user* with *authorise* access did not give authority, we will credit the *account* with the amount of that *unauthorised* payment. However, you must pay us the amount of that *unauthorised* payment if:
- (a) we cannot recover that amount within 20 *banking business days* of us attempting to do so from the person who received it; and
 - (b) the payment was made as a result of a payment direction which did not comply with our prescribed security procedures for such payment directions.
- 37.4 If a *BPAY* payment is induced by the fraud of a person involved in the *BPAY* scheme, then that person should refund you the amount of the fraud-induced payment. However, if that person does not refund you the amount of the fraud-induced payment, you must bear the loss.
- 37.5 If a *BPAY* payment you have made falls within the type described in clause 37.3 and also clause 37.2 or 37.4, then we will apply the principles stated in clause 37.3.
- If a *BPAY* payment you have made falls within both the types described in clauses 37.2 and 37.4, then we will apply the principles stated in clause 37.4.
- 37.6 Your obligation under clauses 37.2 and 37.3 to pay us the amount of any mistaken or *unauthorised* payment (as applicable) is subject to any of your rights referred to in clause 42.

- 37.7 You indemnify us against any loss or damage we may suffer due to any claim, demand or action of any kind brought against us arising directly or indirectly because you or any user:
- (a) did not observe any of your or their obligations under the *BPAY* scheme terms and conditions; or
 - (b) acted negligently or fraudulently in connection with these terms and conditions.
- 37.8 If you tell us that a *BPAY* payment made from an account is *unauthorised*, you must first give us your written consent addressed to the *biller* who received that *BPAY* payment, consenting to us obtaining from the *biller* information about your account with that *biller* or the *BPAY* payment, including your customer reference number and such information as we reasonably require to investigate the *BPAY* payment. We are not obliged to investigate or rectify any *BPAY* payment if you do not give us this consent. If you do not give us that consent, the *biller* may not be permitted under law to disclose to us information we need to investigate or rectify that *BPAY* payment.

38 Suspension.

We may suspend your right to participate in the *BPAY* scheme at any time if you or someone acting on your behalf is suspected of being fraudulent.

39 Cut-off times.

If a *user* tells us to make a payment before the times specified below, it will in most cases be treated as having been made on the same day:

Cut-off times: seven days per week – 5.30pm
(Sydney Time)

However, the payment may take longer to be credited to a *biller* if a *user* tells us to make a *BPAY* payment on a Saturday, Sunday or a public holiday or if another participant in the *BPAY* scheme does not process a payment as soon as they receive its details.

40 When a *biller* cannot process your payment.

If we are advised that your payment cannot be processed by a *biller*, we will:

- (a) advise you of this;
- (b) credit your *account* with the amount of the *BPAY* payment; and
- (c) if you ask us to do so, take all reasonable steps to assist you in making a *BPAY* payment to that *biller* as quickly as possible.

41 Account records.

You should check your account records carefully and promptly report to us as soon as you become aware of them, any *BPAY* payments that you think are errors or are *BPAY* payments that a *user* did not *authorise* or you think were made by someone else without your permission.

42 Consequential damage.

This clause does not apply to the extent that it is inconsistent with or contrary to any applicable law or code of practice to which we have subscribed. If those laws or that code would make this clause illegal, void or unenforceable or impose an obligation or liability which is prohibited by those laws or that code, this clause is to be read as if it were varied to the extent necessary to comply with those laws or that code or, if necessary, omitted.

We are not liable for any consequential loss or damage you suffer as a result of using the *BPAY* scheme, other than due to any loss or damage you suffer due to our negligence or in relation to any breach of a condition or warranty implied by law in contracts for the supply of goods and services and which may not be excluded, restricted or modified at all or only to a limited extent.

43 Privacy.

In addition to clause 35.2, if you register to use the *BPAY scheme*, you agree to us disclosing to *billers* nominated by you and *users* with *authorise* access and if necessary the entity operating the *BPAY scheme* (*BPAY Pty Ltd*) and any agent appointed by it from time to time, including *Cardlink Services Limited*, that provides the electronic systems needed to implement the *BPAY scheme*:

- (a) such of your personal information (for example your name, email address and the fact that you are our customer) as is necessary to facilitate your registration for, or use of, the *BPAY scheme*; and
- (b) such of your transactional information as is necessary to process your *BPAY payments*. Your *BPAY payments* information will be disclosed by *BPAY Pty Ltd*, through its agent, to the *biller's* financial institution and your information necessary to process your use of *BPAY view*, will be disclosed by *BPAY Pty Ltd*, through its agent, to the *biller*.

You must notify us, if any of your personal information changes and you consent to us disclosing your updated personal information to all other participants in the *BPAY scheme* referred to in this clause 43, as necessary.

You can request access to your information held by us, *BPAY Pty Ltd* or its agent, *Cardlink Services Limited*, at their contact details listed in Section H of this PDS.

If your personal information detailed above is not disclosed to *BPAY Pty Ltd* or its agent, it will not be possible to process your requested *BPAY payment*.

We may not act upon an instruction given by you until there are sufficient clear funds in your account.

We may utilise the services of another bank or branch for the purpose of giving effect to your instructions.

Except as provided, we will act upon your instructions without delay and cannot be held responsible for any delay in receipt by the person named as the beneficiary (“the Beneficiary”).

We are not liable for any loss or costs as a result of:

- (a) any delays, errors or omissions in transactions except to the extent that it’s caused by our fraud, negligence, wilful misconduct or any breach of a legal obligation we have to you; or
- (b) any acts, default or negligence of:
 - (i) you in providing your instructions; or
 - (ii) other banks or agencies whose services are used by us in giving effect to your instructions.

You warrant to us that particulars in your instructions are correct.

Beneficiary Account.

We will rely solely on the Beneficiary’s account number that you have provided in order to make payment.

We are under no obligation to check prior to making payment that the Beneficiary’s account number corresponds with the Beneficiary’s details. In those circumstances, you acknowledge that you and not us will be responsible for the “recovery” of the payment if it was sent to someone who was not the intended beneficiary.

Unless otherwise stated, charges made by the receiving bank will be the responsibility of the Beneficiary and may be deducted from the Beneficiary's account.

We will debit any fees in relation to carrying out your instructions and that may be payable as a result of utilising the services of another bank or branch to your account.

60 Overseas Telegraphic Transfer.

60.1 We, our correspondents and/or relationship banks will not be liable for any loss or costs as a result of any delay or error in transit or transmission of an Overseas Telegraphic Transfer ("T/T"), except to the extent that it's caused by our or our correspondents' and/or relationship banks' fraud, negligence, wilful misconduct or any breach of a legal obligation we have to you.

We advise that where a T/T is requested prior to 5.00pm (AEST) on a business day, we will begin processing that request on the same business day. Where a T/T is requested after 5.00 pm (AEST) on a business day (or where the request is received on any day that is not a business day), we will begin processing that request on the next business day.

If you have received a product disclosure statement for our treasury services and entered into a forward foreign exchange contract with us, you may request that a T/T occur at a specified future date. In that case, we will endeavour to process the T/T before 5.00pm (AEST) on the day that you specify.

In most cases involving T/Ts requested prior to 5.00pm (AEST) to overseas banks in major global financial centres, funds would normally be received by the overseas bank within 1-3 business days. For T/Ts to other destinations, the time that funds become available from the overseas bank is subject to the practice of the correspondents and/or relationship banks.

We may at our sole discretion utilise the services of any correspondents and/or relationship banks in order to effect the T/T.

Payment and the timing of the payment to the beneficiary is the responsibility of the correspondents and/or relationship banks.

In order to facilitate your payment, other banks involved in the payment processing may convert the payment or impose additional fees or charges.

Where you have nominated the overseas bank charges to be levied to your account, a fee will be debited by us when the Telegraphic Transfer application has been accepted.

Where you have nominated the overseas bank charges to be borne by the beneficiary, these charges will be deducted from the Telegraphic Transfer proceeds by the correspondents and/ or relationship banks. We may receive commissions or other benefits from other financial institutions.

If you agree to pay the overseas bank charges, payment will be made upon terms to be agreed between you and us from time to time. We do not have any control of when the funds will be paid to the beneficiary.
